

International Conference on Advance in Science, Engineering & Technology (ICASET) Pune येथे आयोजित करण्यांत आलेल्या चर्चासत्रामध्ये पुढील 4 शोधनिबंधांचे वाचन करण्यांत आले आहे.

अ.क्र.	संशोधनाचे नाव
1	Compatibility of Chemical Admixture with Cement- Marsh Cone Test
2	Compilation of calibration data of the compression testing machines
3	Study of mix design for High performance concrete
4	Comparison of compressive strength of various brands of cement
5	Possible Changes In Quality Of Concrete By Using Polymer Fiber
6	Durability Of Ferrocement Structures (Water Tank and Partition Wall)

** उपरोक्त शोधनिबंधापैकी “Compatibility of Chemical admixture with Cement.” या विषयाच्या शोधनिबंधास विशेष शोधनिबंध म्हणून निवडण्यांत आले.*
